Page 1: CRPNM CCP Audit 2017

Q1 Please enter the ID number that was sent to you here:

DO NOT put any other identifying information on this form. **3146**
Auditors will be blind to your identity.

Q2 DECLARATION:By clicking on the check box below I declare that the statements contained in this Continuing Competence Program Audit are true and correct to the best of my knowledge. **ACCEPT**

Page 2: Part A. Self-Assessment Requirement

Q3 Did you engage in a process of self-assessment? **Yes**

Page 3

Q4 Did you document your self-assessment? **Yes**

Q5 What tool(s) did you use to complete a self-assessment? (check all that apply) **Self-Assessment tool and competency examples in CRPNM Continuing Competence package**
,
"Standards of Psychiatric Nursing Practice",
Employer Performance Evaluation

Page 4

Q6 Did you develop a learning plan? **Yes**

Page 5

Continuing Competence Program (CCP) Audit 2019

Q7 What tool did you use for your learning plan?

I used the learning plan in the CRPNM Continuing Competence Package

,

I referred to the learning plan I developed last year and built on it

Q8 How many learning objectives did you work on this year?

2

Page 6: REFLECTIVE PRACTICE REQUIREMENT: PART 1

Q9 Please identify one learning objective you worked on this year:

How to incorporate trauma-informed philosophies and treatment into my practice.

Q10 AREA OF PSYCHIATRIC NURSING
COMPETENCE TARGETED: Please check one (1) to focus on for the following questions:

Planning and Intervention

Q11 Modes of Learning/Planned Strategies: How did you meet your area targeted?

Peer Consultation (formal and informal collaboration with other members of the health care team)

,

Conferences/Courses/Workshops,

Self-Structured Learning (reading articles, journals, videos and other self-directed learning)

Page 7: REFLECTIVE PRACTICE REQUIREMENT: PART 2

Q12 Please describe the way(s) in which you met your educational goals:

Planning and Intervention

I attended a conference on Trauma-Informed Care; read articles on how to incorporate trauma-informed practice into my practice as a RPN; and discussed options for trauma-informed treatment with colleagues.

Q13 How did know if you met your educational goals; i.e. what did you accomplish?

Planning and Intervention

As a result of my meeting my educational goals, I am better able to identify when clients have been affected by various types of trauma by identifying precursors and symptoms. I have incorporated this knowledge into my own practice so that I may be better able to treat clients dealing with various aspects of trauma and I have gained increasing knowledge about when to refer clients to other providers when the scope of treatment may be outside what I am able to provide.

Page 8

Q14 Was your educational goal met?

Yes

Page 9

Q15 If your educational goal was met, please describe the ways in which you plan to implement this in your practice as a RPN:

Planning and Intervention

The education I gained has assisted me to recognize signs of trauma. This allows me to better assess for signs of trauma, develop a more detailed and comprehensive plan for treatment for clients that suffer from various forms of trauma and how to provide health promotion and teaching to my clients to develop better coping skills.

Page 10

Q16 If your goal was not met, or you recognize that you require further education to meet this goal, please describe the ways you plan to meet this in the coming year:

Respondent skipped this question

Page 11

Q17 Please identify a second learning objective you worked on this year: (Your second learning objective should be different than your first objective)

Identify ways to improve my documentation skills.

Q18 Please choose a second AREA OF PSYCHIATRIC NURSING COMPETENCE to focus on for the following questions:

Legal Issues and Professional Practice

Q19 Modes of Learning/Planned Strategies: How did you meet your area targeted?

Peer Consultation (formal and informal collaboration with other members of the health care team)

,
Conferences/Courses/Workshops,

Self-Structured Learning (reading articles, journals, videos and other self-directed learning)

,
Academic Learning (structured coursework as part of a professional program or training)

Page 12

Q20 Please describe the way(s) in which you met your educational goals:

Legal Issues and Professional Practice

I consulted with the CRPNM practice consultant on how to better document outcomes and I obtained practice directions/guidelines from various Canadian nursing regulators.

Q21 How did know if you met your educational goals; i.e. what did you accomplish?

Legal Issues and Professional Practice

As a result, my documentation is more succinct; however, I am still unsure of how long records are retained and how PHIA applies to my current work environment.

Page 13

Q22 Was your educational goal met?

No

Page 14

Q23 If your educational goal was met, please describe the ways in which you plan to implement this in your practice as a RPN:

Respondent skipped this question

Page 15

Q24 If your goal was not met, or you recognize that you require further education to meet this goal, please describe the ways you plan to meet this in the coming year:

Legal Issues and Professional Practice

I will attend a conference in 2019 which addresses legal issues in practice such as documentation and mental health legislation. I also plan to consult with my staff educator for ways to improve my documentation through a chart review.

Page 16: Professional Portfolio Requirement

Q25 DECLARATION:By clicking on the check box below I declare that as one of the requirements of the CRPNM Continuing Competence Program that I will maintain a professional portfolio. **ACCEPT**
