

Clinical Care Manager (Specialized Community Services) - Winnipeg

CBI Health is looking for a Clinical Care Manager with hands-on management skills that would lead and inspire others on the care team. It is a **full-time exciting opportunity** to be a part of Canada's largest provider of integrated community healthcare.

Our Specialized Community Homes provide a wide range of outcome focused supports for children, adolescents and adults with special needs. Located in residential neighborhoods in Winnipeg, our homes offer 24/7 services, are equipped to cater to clients' individual medical and/or behavioural needs, provide opportunities for individual growth, as well as provide respite for families and crisis stabilization. You will oversee and manage client care for an assigned group of clients living in our specialized community homes, to ensure high-quality outcomes and a best-practices approach to their care.

As an integral member of the Management team, you will work collaboratively with the Residential Operations Manager to ensure effective care delivery aligned with CBI's clinical goals and service delivery standards. You will also provide leadership and mentoring for support workers to ensure that care delivery is consistent with care plans, and surpasses all stakeholder expectations, including clients, families, staff and funders.
