## Supervisor (Clinical), Health & Transition Services

Health & Transition Services (H&TS), located at 440 River Road, St. Amant, supports children and adults for short or longer term stays, who have neurodevelopmental disabilities as well as complex health or behaviour stabilization needs that cannot currently be supported in an appropriate and safe environment in the community. We provide 24/7 nursing, personal care and enhanced quality of life for up to 115 people supported.

The Supervisor is a member of the H&TS leadership team.

### Primary responsibilities include:

- Supervision and support for the regulated and non-regulated workforce (nurses, HCAs, Recreation staff) on off hours
- Overseeing workplace health & safety and infection prevention & control protocols
- Ensures that resources (time, supplies, equipment) are utilized in the most effective and efficient manner to support service and program activities
- Reviews care routines and recommends solutions to address workload concerns, ensuring optimal delivery of care
- Provides support and guidance for response to codes and troubleshooting facility-wide concerns

### Requirement:

- Holds a BN or BRPN (combination of experience and education will be considered)

There are a variety of day/night, night, or evening/night FTE combinations available. On-call rotation is also required. St. Amant provides a comprehensive benefits package.
