

OPPORTUNITIES FOR NURSING GRADUATES

THERE ARE MULTIPLE OPPORTUNITIES AVAILABLE FOR NURSING GRADUATES. THE GREATEST NEEDS CURRENTLY EXIST IN THE FOLLOWING AREAS:

Personal Care Homes – this is a highly diverse environment with many opportunities for growth and development in your nursing career. It is also an environment that provides the ability to form longer term relationships with those to whom you provide service and their families and to make a positive difference at end of life. There are opportunities to work in PCHs throughout the province. And did you know that a \$2000 grant is available to any nurse who obtains a minimum EFT of 0.6 in a PCH!

Northern Manitoba – numerous opportunities exist for you to work in Northern Manitoba. Current needs include Leaf Rapids Health Centre and Lynn Lake Hospital.

Rural Manitoba – there are multiple opportunities available throughout rural Manitoba.

Other Financial Supports and Resources – New Manitoba nursing grads who obtain a position of 0.6 EFT or greater in a rural or northern site (outside of Winnipeg or Brandon) are eligible to apply for a \$4,000 grant. In addition, there is also a \$2,000 grant available for nurses employed in Manitoba in designated bilingual positions of 0.6 EFT or greater. Finally, all RHAs in Manitoba provide support to new nursing grads through their new grad and mentorship programs.

ARE YOU INTERESTED IN HELPING OUT WITH COVID-19 EFFORTS?

There are multiple opportunities to help! The most significant resource needs right now are in Personal Care Homes.
