

CRPNM STRATEGIC PLAN

2024 - 2026

MISSION

The College of Registered Psychiatric Nurses of Manitoba regulates the psychiatric nursing profession to protect the public by ensuring safe, competent and ethical practice.

CORE FUNCTIONS

- Set standards for psychiatric nursing education and practice
- Make registration decisions that are transparent, objective, impartial and fair
- Ensure the continuing competence of its registrants
- Receive complaints, conduct investigations and appeals, and take appropriate disciplinary action

PRIORITIES

01	Align and improve the regulatory framework to better protect the public 1. A governance structure that is responsive to regulatory reform. 2. Financial sustainability of the College. 3. Evidence informed regulatory practices.
02	Support professional practice in a manner that protects and serves the public interest 1. An evidence-informed continuing competency program.
03	Ensure cultural safety and humility 1. Equity, diversity, and inclusion (EDI) and reconciliation efforts integrated into regulatory processes. 2. Culturally safe and responsive regulatory practices.
04	Strengthen engagement and collaboration with the public, registrants, and other stakeholders 1. Active and strategic collaboration with stakeholders.
